**Subject:** Uber in Charleston

My name is Carlton Wood and I work in advertising for an agency in Birmingham, Alabama.

I have clients all over the country, including a fairly large client in Charleston, South Carolina. To service this client, I travel to the Palmetto state frequently.

I do not know why the PSC has suspended Uber from continuing to do business in your state, but I can share my personal experience using Uber in Charleston. The drivers have always been top-notch, the cars are always fairly new and exceptionally clean. When I complete my ride, the price is always very reasonable.

I believe that Uber is a great benefit to Charleston and the fact that it won't be available when I next visit in two weeks will make my trip less convenient and more expensive.

I do hope you will reconsider your stance on this. Voters and consumers want options and I believe Uber should be reinstated.

Please let me know if I can share any other information that you might find helpful.

Best regards,

Carlton Wood

Subject: Keep Uber

Hi there,

I recently visited the Columbia area over Christmas and was thankfully able to use Uber as a source of transportation. I was out late at night in an area I was unfamiliar with. Thanks to the easy access of uber on my phone I was able to get a ride in minutes. Columbia's youth and general public greatly benefit from the safety created by uber insuring safe ways to travel home. It would be very unfortunate if SC banned the use of ride sharing.

Thank you for your time,  
Jennifer

State of Carolina Public Service Committee,

My name is Sean Walgrave, a resident here in Mt. Pleasant, SC and I would like to raise my voice as a resident and say that I for one want Uber to remain here in the Palmetto state.

I have heard that the PSC has ordered Uber to cease and desist their operations in the state and I am looking for further clarification and description as to why this has occurred. If there is a fault by Uber in any way and the violation has credence I would like to know for my own benefit, thus I believe further information on the reason behind the C&D order is warranted.

Thank you,  
Sean Walgrave

I've been unable to find a part time job that will fit my current schedule. With my current 8 to 5 not bringing in enough, a wife and new baby at home, and bills piling up there was no way out!

Uber has been my ace in the hole! Being able to use my own car to provide safe transportation for students at USC to and from bars and helping to avoid DUI's.

KEEP UBER SC ALIVE!
